# WHO WE ARE

## TEAM A.N.A. 417

---

### **Our Mission:**

To inspire patients and their families, educate communities and drive research to help find answers for acoustic neuromas and other benign brain tumors.

### **Our Vision:**

"To improve the quality of life for benign brain tumor patients and their families."

### **Did you know?**

Over 700,000 Americans are currently living with a brain tumor. With benign brain tumors accounting for 80% of all brain tumor diagnoses. It is estimated that around 84,170 people will receive a brain tumor diagnosis in 2021.

### **What we do to help:**

Team ANA 417 is a local non-profit focused on helping those who have been diagnosed with an acoustic neuroma as well as other benign brain tumors. While most benign brain tumors aren't considered life threatening, it does not mean they aren't life changing. Brain tumors can have lasting and life-altering physical, cognitive and psychological impacts on a patient's life. Here at Team A.N.A. 417 we help patients and their families by providing financial assistance, support groups and specialized programs to help with recovery and their new "normal".

### **Funds Raised:**

Currently, 85% of our profits raised go towards Team A.N.A. 417 helping benign brain tumor patients and their families with detection options as well as the unexpected expenses pre/post treatment and 10% of yearly profits raised goes towards furthering research efforts.

"Supporting benign brain tumor patients and their families."
